3-WC-2002-18-18044LC

Fred Poss
P.O. Box 229
Augusta, WI 54722

Dear Lake Eau Claire Association:

Please accept this letter as a response to your request dated December 18, 2014 to extend the permit to remove materials from the bed of Lake Eau Claire, Eau Claire County. The original permit approval letter, dated September 22, 2003, stated that the permit may be renewed at the end of the 10-year period (September 22, 2013) for good cause. You have stated that you wish to perform maintenance dredging of the previously constructed sediment traps, you will not be changing the dimensions of any of the traps and will be performing the maintenance dredging in accordance with all of the standards of the original permit. Therefore, your permit #3-WC-2002-18-18044LC is hereby approved for an extension until December 31, 2023.

This permit extension includes maintenance activities associated with the previous permit amendments, which are dated May 4, 2005, September 24, 2007, and September 3, 2008.

All other conditions of your original permit remain in effect.

If you have any questions about your permit, please call me at (715) 839-1600 or email david.hon@wisconsin.gov.

Sincerely,

David Hon
Water Management Specialist
